New high speed memory cards from Apacer - 23 Nov 2004

After launching a new range of RS-MMC and mini-SD cards for the mobile phone market last month, Apacer (www.apacer-uk.com / 0870 900 6055) blitzes the memory market with further proof of the company's quest for quality and speed. Apacer further enhances its solid reputation in Single-Layer Memory cards with the addition of a range of new 66X-speed Compact Flash and Secure Digital cards. Further news is that competitive 2GB and 4GB cards have been launched in both the existing CF 20X and the new CF 66X range.
