

AB320 MP3 Player, Ocean Treasure

A Treasure You Can Use Every Day

The AB320 MP3 Player is easy to use, with a large LCM display that clearly shows sound tracks and functions. The ocean blue backlight adds a nice feel to the player and allows display information to be easily seen in bright sunlight and at night.

Ocean Series MP3 Player AB320 & AV230

Stylish Treasure

The MP3 Player design elements were based on the graceful lines of a seashell, one of the most beautiful and pure objects found on earth. The smooth layers and wave-like contours give the AB320 and AV230 a natural, organic style as well as a comfortable, pleasing feel when held next to the body or in your hands. Both AB320 and AV230 are stylish MP3 players for users that are eager for tasteful design.
