Mini size and light weight: 5mm thick and 5g weighted of the mini drive
Elegant and fashionable genuine leather accessory
Fine touch leather case for your mini drive

The combination of fashion and technology

Fashion and technology together is no more a slogan. The AH124 makes USB flash drive storage more beautiful and easier to access. The AH124 is a special pack of mini drive and its exclusive leather case, turns USB flash drive into a fashionable accessory. The case's fashionable design and fine genuine leather quality protects the mini drive from shock, friction and even loss. In addition to its stylish shape and fine quality, it is equipped with a crystal ring for you to secure your mini drive while carrying it. It is thus the best companion for your mini USB flash drives.

Besides its glamorous style and elegant design, this fashionable pack is a perfect match of the mini drive which is your best mobile storage solution. The high performance of the mini drive includes USB2.0 (compatible with 1.1). The blue LED display on the AH124 keeps you posted of the current status of data assess, and the RoHS compliance is Apacer Technology's realization of its total commitment to environmental protection.

*The actual available memory on the device is less than what is listed on the package. This is due to small discrepancies in file formats and algorithms used by various operating systems. In addition, a portion of memory space is reserved for system files and data sectors for better performance.

Handy Steno AH124 Features

Mini size and light weight USB flash drive: 5mm thick and 5g weighted
The mini drive of AH124 makes it easy to carry and attractive. When it is carried alone without the leather case, this 5mm-thick and 5g-weighted mini USB disk can be hung on your key ring or mobile.

Elegant and fashionable accessory
The fashionably designed case of AH124 is made of fine genuine leather, with diamonds embedded on the front and the finger ring. Its elegant design and fine quality makes it also a personal fashionable accessory.

The finger ring makes it easier to carry.

Fine touch leather case for your mini drive
Though minimization makes the USB flash drives more convenient to carry, users may lose them much easier. The super storage capacity of AH124 is the total solution which protects your mini USB flash drive and prevents it from losing, so that you will never need to worry about how and where to find it.

Store mini drive when not use it.

Simply draw out mini drive and use it.
