Apacer [Technology](#) has launched its new MP3 player, called the Audio Steno AU581 [MP3 player](#) that delivers music and fashion into one device.

The latest player comes in a unique dual color mirror coating and streamlined design that blends luxury and fashion and also provides a glimmering chic metallic [outlook](#).

Moreover, the new Apacer also offers blue crystal finish that twinkles and sparkles around the user. In regards to its features, it sports the elegant OLED display for an enhanced on-pitch appearance and owner's modish. It also packs 7-mode EQ hot key that offers the original sound of Pop, Rock, Classical, Jazz, Bass, Treble, and Normal.

C.K. Chang, Product Director of Apacer, "The AU581 brings not just the joy of perfect music reproduction but also a token of fashion. It delivers the 'original sound' in an enjoyable and easy to use MP3 player. Its high-sensitivity lanyard earphones are equipped with large 15mm Neodymium Magnet Mylar units which deliver the heart of superior wide [stereo sound](#), and the high definition treble and powerful bass."

With the direct record button, which is placed on the left side of the MP3 player, it enables the user to record video and synchronous FM recording. Additionally, the luxurious players also feature a high-performance FM radio that has the ability to store up to 20 channels and high-sensitivity microphone for voice recording.

The fashionable also comes packed with a high-energy built-in rechargeable Lithium-Polymer battery, 12 language supports and the [built-in flash](#) memory capacity of 2GB and 4GB.

The price and availability of the Apacer Audio Steno AU581 MP3 Player is yet to be known.
