Apacer 4-Port PH151 USB 2.0 Hub makes the clever connection

16/04/2008 16:00:00

Sydney Australia - April 16 2008 - Far from bleak USB accessory products, Apacer Technology has released the Apacer PH151, a simple design yet revolutionary fun "Y"-shaped USB 2.0 hub. It comes in two funky colours - Brilliant Orange or Designer Black. The Apacer PH151 has four USB ports from side and top connections packed in a compact frame making USB connections effortless. Gone are the days of one USB device blocking two side-by-side USB ports because of the device's different, angles.
