

Aeolus Drive the Speed **DDR 3** Storming with Apacer

With Active Heatspreader
Cooling power up to
20°C

CL 7-7-7-20

240 Pin

DDR3-1800 1.9V

1GB / 2GB

DDR3-1600 1.8V

Apacer

Special Designed for
Gaming PC

LIFETIME
Apacer
WARRANTY

DDR3 1800/1600

DDR2 1200/1066

- **Designed Especially for Gaming PC.**
- **Supports Intel XMP (Extreme Memory Profiles).**
- **With Revolutionary Active, Dual-layer Heat Spreader:** to reduce the temperature by as much as 20°C. Solve the problem of heat dissipation for DDR3 overclocking memory modules. Improve both overclocking performance and memory stability.
- **Best Chosen Dual Channel Pack:** Apacer uses the same IC brand, the same IC specification, and the same module production lot for dual-channel compatibility and performance.
- **100% Tested:** Passed the absolute dual-channel long-time run-in tests to ensure its excellent overclocking performance and absolute reliability.

- **Supports EPP (Enhanced Performance Profiles) Standard**
- **Official module at the World Cyber Games (WCG) 2006 Italy**
- **Highest quality and performance certified by ATI CrossFire**
